## Return Service Requested

June 7, 2007

To Whom It May Concern:

It gives me great pleasure to write a letter of recommendation for Karey Johnson who is currently a student in my Principles of Macroeconomics class. Karey is an excellent student—both hard working and intelligent—and maintains an A+ average in my class. Karey has excellent communication skills and is very goal oriented. During class, he is always engaged and his class participation lets me know that he has more than just a passing interest in the subject at hand

I am impressed by his enthusiasm and work ethic in my class but equally impressed by the fact that he has worked most of his college career. Despite working, often many hours per week, Karey has managed to maintain a 3.45 GPA in his major. He also works summers and as such has been able to pay a substantial amount of his college expenses.

Karey is very mature and dedicated to his studies as well as to working in his chosen field. I have looked at many of the websites that he has designed and I am very favorably impressed. They do not have the same look to them; each is original and interesting. I know Karey is going to be an excellent web designer and programmer.

Karey is a very capable person—thoughtful, intelligent, personable, hardworking and interesting to speak with. He is dedicated both to his academic studies and to becoming a successful web designer and programmer. If I can give you any more information about him, I will be happy to. Please contact me at (850) 644-7092 (office) or (850) 668-1805 (home).

Sincerely,

Lora P. Holcombe
